

SELF ASSEMBLY SURROUND

(MTL0046)

IMPORTANT SAFETY INSTRUCTIONS

DO'S

- Read **ALL** the instructions before using this product.
- This product is suitable for electric and gas fires only up to 4kW.
- Always install the product in accordance with this guide. If in doubt obtain expert advice.
- Always check your mains supply is the same as that indicated on the product before connecting, if applicable to this product.
- Always make sure the electrical socket is accessible and located adjacent to, but not above the appliance, if applicable to this product.
- Always ensure that the correct tools are used to install this appliance.
- Always make sure the product is firmly secured to the wall when complete.
- Always use a Gas Safe Engineer to install the gas fire if applicable.

DON'TS

- Not suitable for solid fuel fires
- Never install or use the appliance anywhere where water is in use, i.e. Bathrooms, Kitchens, Laundry Rooms, Shower Rooms, Swimming Pools etc.
- Never use aerosols or steam cleaners on or around the appliance.
- Never route the supply cord (if applicable) under carpeting and never cover the cord with throw rugs, runners, etc. Arrange the cord away from traffic areas and where it will not be tripped over.

IMPORTANT

- Use the holes and slots provided.
- DO NOT over tighten.
- Assemble on a soft padded surface to avoid damaging the surface of the product.
- Use the screws provided.

1. Screw the 'header' to 'leg 1' & 'leg 2'.
2. Screw this to the 'shelf'.
3. Remove the 3 x 'rebate strips' if required.

INSTALLATION

1. Install hearth & back panel.
2. Mark & drill 4 x holes (Approx. 6mm x 35mm deep) for the 2 x wall brackets to the distances shown in figure iii.
3. Insert the wall plugs and screw the brackets to the wall. (If the wall isn't solid i.e plasterboard, then purchase the correct fixings).
4. Lift the surround and hook the surround brackets over the top of the wall brackets so the surrounds sits on top of the hearth (Figure i.).
5. Ensure the surround is secured.

DISCLAIMER

We will not accept responsibility for any loss, damage or injury caused by installations where suitable wall fixings have not been used or if there has been a failure to follow the instructions supplied.

GUARANTEE

For your convenience, you are not required to complete a form and return it to us in order to validate your guarantee. However, please ensure that you retain your receipt which will act as both proof of purchase and a guarantee validation document. **We recommend that you attach your receipt to this documentation.**

Your product carries a 12 month guarantee from the date that the original purchaser receives it. If your product fails to operate to its specification, due to faulty workmanship or materials during the guarantee period, we will either repair or replace the product. We will use our discretion to determine whether to offer a repair or provide a replacement. The product will not be covered by the guarantee if it has been misused, transformed, modified or altered in any way.

If your product fails within the guarantee period please ensure that you have all necessary documentation available including proof of purchase (receipt or invoice with serial number, location and date of purchase) in addition to all original undamaged packaging and leaflets etc. It is strongly recommended that you inspect your product carefully before it is used or installed. For full details of your product you should refer to the instruction manual which accompanies the product. You are strongly advised to read this manual carefully in its entirety and to retain it for future reference.

This product guarantee does not affect your statutory rights.
